RA meeting with Greenaction Exec Director Bradley Angel, Sierra Club Conservation Coordinator Melissa Yu, Miss Margaret Gordon, and others. Six topics:

1. Hunters Point Shipyard Superfund Site

- the need for comprehensive retesting (not just scanning) of the entire original shipyard site including parcels already transferred, and adjacent areas - with independent community oversight.
- concerns about the inadequate and outdated "remedy" identified in the Five Year Statutory Review for Parcel E/E2

2. West Oakland civil rights complaint against the Port of Oakland

3. Kettleman City and the PCB permit renewal application

4. Contamination, health emergency on the Laytonville Rancheria and need to get residents out of harms way

5. EPA malfeasance and lies regarding Evoqua hazardous waste incineration plant operating without proper permits or environmental review for over 26 years on Colorado River Indian Tribes reservation

6. Concerns regarding EPA Administrator's pro-polluter agenda that threatens public health and our environment
